HUMAN RESOURCES

SUMBER DAYA MANUSIA

CAPABLE, FRIENDLY, AND HELPFUL

With our skillful and experienced people inside has become our Warranty to assure services to our customers are handled by the right people.

Dengan orang-orang terampil dan berpengalaman telah menjadi jaminan kami untuk memastikan layanan kepada pelanggan kami ditangani oleh orang-orang yang tepat.

SERVICES

PELAYANAN

SURVEY, CLEANING AND STACKING

With our standard process 10 – 15 minutes waiting time for truckers returning or delivering empty containers and implementing FIFO as our priority, making Kan Isotank Mandiri a reliable and fast moving depot service.

Assuring every incoming isotank are properly cleaned and washed, making it ready for use. Photographs are provided as proof at request.

Dengan proses standar kami 10 - 15 menit menunggu waktu pengemudi truk kembali atau mengantarkan kontainer kosong dan menerapkan FIFO sebagai prioritas kami, membuat Kan Isotank Mandiri menjadi depo layanan yang handal dan cepat bergerak. Menjamin setiap isotank masuk dibersihkan dan dicuci dengan benar, sehingga siap digunakan. Foto disediakan sebagai bukti sesuai permintaan.

SERVICES

PELAYANAN

MAINTENANCE AND REPAIR

Quality controller is involved in assuring the repair workmanship, both during and post repairs. Quality controller will also be engaged at time before the containers are released. At no longer than 24 hours upon container survey, the EOR and photo of damage are sent for further approvals. The data and information is also accessible in our web based system. With ITCO certified surveyor, we are able to perform container repairs according to ITCO standard as per customers level intention.

Kualiti kontrol terlibat dalam memastikan pengerjaan perbaikan, baik selama dan pasca perbaikan. Kualiti kontrol juga akan dilibatkan pada saat sebelum isotank dikeluarkan. Dalam waktu tidak lebih dari 24 jam setelah survei kontainer, EOR dan foto kerusakan dikirim untuk persetujuan lebih lanjut. Data dan informasi juga dapat diakses di sistem berbasis web kami. Dengan surveyor bersertifikat ITCO kami dapat melakukan perbaikan kontainer sesuai standar ITCO sesuai harapan tingkat pelanggan.
